Object: delay in the publication of the proceedings of ICPP 2022

We are currently facing unexpected delays in the publication of the proceedings of ICPP 2022. In general, the proceedings are published shortly before the conference, but this year, due to accounting problems between ACM and Inria the payments are suspended and hence the publication cannot happen yet.

Everybody at inria and ACM is doing its best to solve this issue. We understand that this can be a problem for authors. We are deeply sorry and we apologize for the delay.

In the meantime, everybody can refer to the official list of accepted papers at the iCPP website: https://icpp22.gitlabpages.inria.fr/prog/ (conference papers) or https://icpp22.gitlabpages.inria.fr/program-workshop/ (workshop papers).
